

Step 3: Singing and Recording the Song

STEP 3: SINGING AND RECORDING THE SONG

Each group member must have a singing role and be actively involved in producing and creating the script. You may all sing together. Nobody has to do a solo unless they want to.

1. First, make sure you have double checked your script with the checklist before you proceed.
2. Before you actually record the song, you will need to **practice it**. Don't start recording until you feel comfortable – otherwise you will waste time (and battery power) with the iPads.
3. Once you are finished practicing your scripted song, it's time to use GarageBand to record your audio track.
4. In order to do this, you will need to **come to Ms. Nelson or Mrs. Scott to get the yellow GarageBand Directions Sheet**. This will give you step-by-step instructions on how to record your song. Yes, I know these are long directions; however each instruction should be easy to follow. Make sure you follow these explicit directions, or your project may suffer.

SUPER IMPORTANT: YOU MUST MAKE SURE YOU FOLLOW THE GARAGEBAND INSTRUCTIONS FROM THE VERY BEGINNING TO THE VERY END. IF YOU ONLY STOP AFTER YOU HAVE RECORDED THE SONG WITHOUT FOLLOWING THROUGH ON THE ENTIRE SHEET, YOU WILL NOT HAVE WHAT YOU NEED TO COMPLETE THE PROJECT.

****When you have complete ALL of the GarageBand Instructions, you will need to come to Ms. Nelson or Mrs. Scott to get the directions for Step 4: Recording and Editing Your Music Video.****
