PLACARD

For this part of the assignment, you should write a one-page summary explaining your topic. Choose a font that is easy to read. Your font should be 18 point in size. **EDIT** your work.

PRIMARY SOURCES + SUMMARY

You will need to find two primary sources to use for your display. They can be a document, newspaper, diary entry, letter, poster, photograph, etc... Your primary sources should enhance the understanding of your topic. When printed out, they should be in color and take up a full sheet of paper. You will then write a summary explaining the primary source and why it is important to your topic. As always, **EDIT** your work.
